**PITMAN COMPANY TO EXHIBIT AT PRINT '09
Visit us at booth 4446**

Woburn, MA – August 6, 2009 – The Pitman Company will continue its long tradition of supporting the largest and most comprehensive exhibition of digital printing equipment and technologies by exhibiting at Print '09 on September 11-16 at McCormick Place South in Chicago. Visit us at booth 4446.

As the leading independent North American value added reseller of imaging equipment and supplies, the Pitman Company will be demonstrating a broad array of new INKJET technologies that focus on WIDE FORMAT, PACKAGING, and PROOFING applications. Pitman will also showcase a comprehensive collection of prepress and pressroom solutions as well as equipment and systems from leading manufacturers including:

Vehicle Wrap Demonstrations

3M – Your Power Over Wraps - New business opportunities in wide format applications. As the #1 materials provider for all things wrapped, 3M aims to provide the resources you need for the high-growth medium they call wraps. Visit the Pitman booth and see a live 3M vehicle wrap demonstration.

Media

Ultraflex Systems, Inc. is the leading innovator, developer, and supplier of a wide range of flexible, semi-rigid, rigid and specialty substrates from 30" to 16'4" widths for solvent, UV, screen and dye-sublimation printing. Since 1982 Ultraflex has been recognized worldwide for the following brand names: Jetflex[®], Normandy[®], UltraBanner[®], Ultima[®], Vulite[®], Ultralon[®], Wallsapes[®], UltraMesh[®] and BIOflex[®].

Ink-Jet Printing Hardware

EFI Vutek GS3200 UV Curable Inkjet Printer – this flatbed and roll-to-roll UV printer revolutionizes superwide format printing by delivering the powerful combination of superior photorealistic quality and high productivity you need to grow your business and differentiate yourself from the competition.

EFI's Rastek H700 UV Printer – The Rastek H700 UV Hybrid Flatbed from EFI delivers best in class image quality at an affordable price. It's the perfect choice for production and print shop environments where quick service, superior image quality and smaller footprints are the keys to customer satisfaction and increasing profit.

Epson GS 6000 Low Solvent Printer – 64" Roll-to-Roll printer that delivers unparalleled color gamut, image quality, reliability, and print speeds with new safer solvent-based ink technology.

Epson Proofing Edition Series Powered by EFI Colorproof XF 4.0 – When Epson America & EFI joined forces to develop a next-generation proofing solution, they knew something great was about to happen. Two innovators within the printing industry combined resources for the first time and created the most powerful and complete digital proofing solution available.

HP Designjet Z6100 Aqueous Inkjet Printer – from posters to photos, maps to fine art, the HP Designjet Z6100 Printer series delivers exceptional print speeds with outstanding image quality and durability.

HP Designjet Z3200 Photo Printer – This 12-ink HP Designjet, with new HP 73 Chromatic Red ink, delivers long-lasting gallery-quality prints in black and white and color with the Vivera Color Ink System.

Cutting System

Esko Kongsberg i-XL Series – Automated digital finishing systems for signs and displays. The Kongsberg i-XL complements digital printing of sign and displays with a unique finishing solution for the widest range of materials and applications, providing automation, high productivity and outstanding precision.

Finishing Systems

Neschen – Neschen Americas offers a comprehensive choice of commercial and wide format roller SEAL brand laminators. Visit the Pitman booth to see finishing equipment/laminators from Neschen.

Solvent Recycling System

Maratek Environmental Solvent Recycling System (SRS) 100 – The Solvent Saver removes contaminants from used blanket and roller washes and separates the pure water from the recovered solvent automatically.

Coating Blanket System

OEC Sector Blanket Cutter – the world's first dedicated system for automatic on-site production of coating blankets used in spot, knock-out and flood applications.

To see these products and more, visit the Pitman Company at booth 4446 at Print '09, September 11-16. For more information about Pitman or to learn more about the latest technology Pitman offers, browse our newly designed website - www.PITMAN.com.
